**For the Fiscal Year Ending  
December 31, 1972**

IN MEMORIAM

RODNEY S. CROCKETT 1931-1972

The law enforcement community lost one of its best friends, and the Town of Belmont lost a favorite son with the untimely passing of High Sheriff of Belknap County, Rodney S. Crockett, the victim of a heart attack in November, 1972, at the age of 43.

Rodney Crockett was the person who encouraged our present Chief to enter law enforcement 15 years ago. When our town was smaller, he did much enforcement work here himself, and as we developed a full-time police force, his expanded Sheriff's Department saved local taxpayers considerable money, with the radio dispatching center which was provided for towns unable to afford 24-hour telephone answering coverage, and the assistance provided to our patrol units during Motorcycle Weekend, and other peak periods.

Fiercely proud of the town where he lived, a devoted father to his four fine youngsters, this man who never failed to answer a telephone call in the middle of the night when help was needed, has answered his last call, that of the greatest law giver of all. May he rest in peace.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

Board of Selectmen  
Belmont, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the Town of Belmont for the fiscal year ended December 31, 1971, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given to the Town Clerk for retention as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Water Department, Library, Trustees of Trust Funds, Municipal Court and Cemetery Trustees.

The accounts of Paul A. Lussier, Treasurer, for the period January 1, 1971 through March 19, 1971 were examined in an earlier audit. A report of this examination was submitted to your Board under date of April 16, 1971.

FINANCIAL STATEMENTS

General Fund:

Comparative Balance Sheets - December 31, 1970 and December 31, 1971:

(Exhibit A-1)

Comparative Balance Sheets - General Fund - as of December 31, 1970 and December 31, 1971, are presented in Exhibit A-1. As indicated therein, the Current Surplus of the Town increased from \$15,005.55 to \$23,837.19, as shown herewith:

	<u>December 31, 1970</u>	<u>December 31, 1971</u>
<u>Total Assets</u>	\$280,251.51	\$300,535.06
<u>Total Liabilities</u>	265,245.96	276,697.87

Current Surplus	<u>\$ 15,005.55</u>	<u>\$ 23,837.19</u>
-----------------	---------------------	---------------------

Analysis of Change in Current Financial Condition:  
(Exhibit A-2)

An analysis of the change in current financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein. These were as follows:

Increase in Current Surplus:

Net Budget Surplus (Exhibit A-4)	\$13,331.64
----------------------------------	-------------

Decrease in Current Surplus:

Surplus Used to Reduce Tax Rate	<u>4,500.00</u>
---------------------------------	-----------------

<u>Net Increase in Current Surplus:</u>	<u>\$ 8,831.64</u>
---	--------------------

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues: (Exhibits A-3 & A-4)

Comparative statement of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1971, are presented in Exhibits A-3 and A-4. As indicated by the Budget Summary (Exhibit A-4), a revenue surplus of \$11,853.66 plus a net unexpended balance of appropriations of \$1,477.98 resulted in a net budget surplus of \$13,331.64.

Long Term Indebtedness:

Comparative Balance Sheets: (Exhibit A-5)

Comparative Balance Sheets of the outstanding long term indebtedness of the Town as of December 31, 1970 and December 31, 1971, are contained in Exhibit A-5. During the fiscal year, the long term debt decreased by \$14,466.00 as shown herewith:

<u>Payments on Debt</u>	\$20,466.00
<u>Long Term Notes Issued</u>	<u>6,000.00</u>
<u>Net Decrease</u>	<u>\$14,466.00</u>

Statement of Debt Service Requirements: (Exhibit A-6)

A statement of debt service requirements, showing annual maturities of principal and interest is present in

Exhibit A-6.

TREASURER

General Fund:

Classified Statement of Receipts and Expenditures:  
(Exhibit B-1)

A classified statement of general fund receipts and expenditures for the fiscal year ended December 31, 1971, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's Balance as of December 31, 1971, as indicated in Exhibit B-2.

WATER DEPARTMENT

General Fund:

Comparative Balance Sheets (Exhibit E-1)  
Statement of Receipts and Expenditures (Exhibit E-2)  
Statement of Treasurer's Account (Exhibit E-3)

Comparative Balance Sheets - General Fund- showing the financial condition of the Water Department as of December 31, 1970, and December 31, 1971, are presented in Exhibit E-1. However, inasmuch as no provision has been made by the Water Department for the recording of inventory and fixed assets, we are unable to express an opinion as to the stated financial condition of the Water Department as of December 31, 1971. Exhibit E-2 contains a statement of general fund receipts and expenditures. Proof of the Treasurer's balance as of December 31, 1971, is indicated in Exhibit E-3.

Non-Revenue Funds:

Comparative Balance Sheets (Exhibit E-4)  
Statement of Capital Project Funds (Exhibit E-5)  
New Well Construction Fund - Statement of Treasurer's Account and Proof of Balance (Exhibit E-6)

Comparative Balance Sheets of the Non-Revenue (Capital Projects) Fund are contained in Exhibit E-4. A statement of the capital Projects Fund, indicating the unexpended balances of appropriations (Fund Balances) as of December 31, 1971, is presented in Exhibit E-5. A statement of the New Well Construction Fund Account, Julia C. Perkins, Treasurer, for the period March 20, 1971 through December 31, 1971, is contained in Exhibit E-6.

## AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

## GENERAL COMMENTS

### Municipal Court:

We noted in our last report, that the Clerk of Court does not make remittances to the Town on a monthly basis. Payments to the Town convering the net receipts of the Court are required to be made monthly, on or before the fifth day of each month. (R.S.A., 502:15)

### Conclusion:

The provision of Chapter 71, Section 27-a, of the Revised Statutes Annotated require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town. Publication of the Exhibits contained in the audit report is optional, at the discretion of the Board of Selectmen.

We extend our thanks to the officials of the Town of Belmont for their assistance during the course of the audit.

### **Signed:**

**Frederick E. Laplante**  
Director  
Division of Municipal Accounting  
State Tax Commission

State of New Hampshire  
Tax Commission  
Concord, N.H. 03301

March 30, 1972

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Town of Belmont for the fiscal year ended December 31, 1971.

Our examination included such tests of the accounting records and such other necessary auditing procedures as were considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of sources of revenues and expenditures present fairly the financial position of the Town of Belmont at December 31, 1971, and the results of its operation for the year then ended, in conformity with generally accepted accounting principles applicable to governmental entities, applied on a basis consistent with that of the preceeding fiscal year.

Respectfully submitted,

Frederick E. Laplante  
Director  
Division of Municipal Accounting  
State Tax Commission

Selectmen of Belmont  
c/o Mark A. Mooney, Chrm.  
Laconia, New Hampshire 03246

Gentlemen:

Your summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1972 taxes on the basis of the following figures:

Net Assessed Valuation	\$15,044,275.00
------------------------	-----------------

Taxes Committed to Collector:

Gross Property Taxes Assessed	\$722,125.20
Less: Est. War Service Tax Credits	<u>14,250.00</u>
Net Property Tax Commitment	\$707,875.20*

Tax Rate	4.80
----------	------

\*The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section we have enclosed a copy of the changes. Revenues and credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school and county are as follows:

Net School Appropriation	\$ 509,120.66
County Tax Assessment	41,458.39

In arriving at the above approved rate the Overlay has been set in the amount of \$6,789.00.

Very truly yours,

Wallace W. Jones  
Commissioner

## REPORT OF THE SELECTMEN

During the past year, we have completed work on Fox Hill Road and Lamprey Road. Work on the Shaker Road was begun, with completion scheduled for this year. Preliminary work was done on the portion of Sargent Lake Road between Brown Hill Road and the bridge, to reduce the runoff. Westview Drive was accepted per the vote of the Town Meeting, as was the Sunray Shore Roads.

The road construction was done by the Town Road Aid money and the Highway subsidy funds. In addition to Shaker Road completion, we are recommending to the town that Bishop Road should be started. Church Street bridge is in need of major repairs but we believe this should be deferred for one more year but we will have a load limit posted for the bridge.

The new well was completed and put into operation this year. The work was all done by negotiated private contracts and resulted in a large savings in the construction. We returned \$13,000.00 of the borrowed money, applying it to the last notes due as this results in the largest interest savings to the town and minimizes the time of town indebtedness.

We also installed an Aquadene treatment to minimize the rust problem. The rust problem we have had was due primarily from switching back and forth on the wells. We have ordered the Water Superintendent to use only the new well, except in an emergency, so no untreated water will get into the system.

We did spend \$3162.80 to repair, clean and recondition the old well so that we would have it available for use if we needed it.

We have installed the new meters in most houses and some trailers, but due to problems involved in keeping meters from freezing in the winter, most of the trailer units will not be metered immediately. We are planning to set both a meter rate for houses and a flat rate for trailer units to try it out. We have already been helped by having the meters, as we have been able to see that we are pumping more than we sell. We are actively looking for leaks and are recommending fixing the present reservoir walls to prevent leakage.

The Board of Selectmen, on behalf of the town, wishes to express their appreciation to Mr. Russell H. Cushing for his long, devoted and selfless service to the town and the water users, and wish him a long, happy, retirement.

We welcome the newcomer, McGreevey Buick-Cadillac to our complex on Prescott Hill and also congratulate Mr. Larry Tanner on his new Double Decker on Route 3.

The Belknap Mall is well under way and we are looking forward for the grand opening of Shaw's Market and the Giant Store in the early summer.

The town dump, which has been a chronic problem in the past is now on a definite schedule of time open for dumping. Burning is now on a more regular and controlled basis. We have a new dumpkeeper and are having the dump covered regularly.

We purchased the fire resistant files for the town offices and have installed radio equipment in two of the town highway trucks and the grader with the base located in the Selectmen's office so the Road Agent can be reached when he is out on the job.

You will note the new format of the Town Report. This is done to try to give the taxpayers more information about essential activities of the town, to have more copies available for distribution and to restrict increased cost in so doing.

The Board of Selectmen will welcome comments and suggestions.

Board of Selectmen

Mark A. Mooney, Chairman  
Louis Wuelper

REPORT OF THE BELMONT POLICE DEPARTMENT  
FOR THE YEAR ENDING DECEMBER 31, 1972

The biggest challenge in providing adequate law-enforcement services to the townspeople depends on our ability to balance the increasing demand created by the growth of our town, against a limited ability to fund these services. We can proudly state that in spite of 900% workload increase over the past 10 years, your police department continues to operate on a budget substantially smaller than most neighboring towns.

One reason is that we have aggressively sought all available federal funds to reduce costs to the local taxpayer. Through the Emergency Employment Act, we obtained a Clerk/Dispatcher at no increase in our budget, permitting the patrolmen to devote more time to preventive patrol and investigations and less to paperwork. It is also a convenience to citizens having business at the police station to have a man on duty there, and we gained added flexibility because this employee can be removed from the office to the cruiser to cover for patrolmen on vacation or sick call, or undergoing the training now mandatory under State Law.

Michael P. McCarty was hired for this post, having served for two summers as a Cadet under another federal program. When Walter Newcomb resigned to join the Meredith department in July, Dispatcher McCarty was promoted to Patrolman, and James R. Bennett, a returning Viet Nam veteran, was hired as Dispatcher.

The Cadet program continued this summer, with Kirk Cassavaugh, Jr., joining Miss Lynn Roberts as a Cadet.

Under another federal grant, we received nearly \$10,000.00 in communications equipment, and were able to "hand down" our old radios to the Highway Department, thus providing them with a radio network at minimal cost.

Belmont has always prided itself in a group of policemen with a far greater aggregate combination of education and experience than most communities and last June, the Chief became one of only two Police Chiefs in the State to hold an Associate Degree from St. Anselm's College. Each of the remaining three full-time officers and one of the two part-time officers also have acquired some college credits. A story of our records system which appeared in "Law and Order" magazine this past year, has resulted in inquiries from numerous departments across the country desiring to set up a similar system.

Our town's population topped 3,000 this year and with a shopping mall coming to Winnisquam, 1973 promises to be a

busy year.

With our new cooperative school district, juvenile problems have been complicated, in that they now often involve youngsters from more than one town. The past year saw an increase in the drug problem and in juvenile runaways. Our efforts to deal with the situation have included efforts toward better communication with youth, such as the "Officer Bill" program, bicycle inspections and the police Cadet program and rehabilitation efforts such as utilization of the services of the County Juvenile Officer, the Mental Health Center, and the Child Guidance Clinic.

Once again, we thank the Selectmen, the Budget Committee, and the townspeople for the trust they have placed in us and we look forward to continued good relationships in the future.

Respectfully submitted,

Earl M. Sweeney  
Chief of Police

## BELMONT FIRE DEPARTMENT

This past year, the Lakes Region Fire Dispatch Communication Center has been in operation for one year, and where Belmont is one of the towns out of the twenty-one that is in this system, I can say it has shown a big effect on these towns.

It has given much better and faster means to these towns fire departments of being notified of any emergency. It has developed better relationships and cooperation between departments.

One of the great things it has done for a lot of property owners, it has given them a reduction on their fire insurance policy, the distance from the fire department has been increased from two miles to three miles, this added mile, the number homes totaled 275 in Belmont, this represents a savings to these property owners on their fire policy the sum of \$6000.00 to \$7000.00.

Also this past year I had the fire board of underwriters conduct a survey of the village, this survey covered the fire protection facilities for properties located within 600 feet of the Town of Belmont water system hydrants the results of this survey was a better fire rate in this area, this represents a savings between \$2000.00 and \$3000. to property owners within the hydrants system.

These two new ratings the town received this past year gives the property owners a total savings between \$8000.00 to \$10,000.00.

These new fire rates and savings could never have been possible without the support and cooperation from you people.

The men in the department and myself would like to say thanks for your help and support of the fire department this year.

Robert Bordeau, Chief  
Belmont Fire Department

# FIRE DEPARTMENT FINANCIAL STATEMENT 1972

## Expenditures:

Mutual Aid & Forestry Expense	211.59
Dry hydrants	<u>383.00</u>
	\$21,195.70

## WINNISQUAM FIRE DEPARTMENT, INC.

There are at present, 30 volunteer firemen enrolled in the department. A regular meeting, officer's meeting and a drill are held once each month as well as attendance at mutual aid meetings and fire schools.

Four (4) members attended the two-day fire school held in June at Lily Pond Fire Training School.

A total of 20 plectrons or radio alert monitors are in use in the homes of department members, resulting in a faster response to alarm calls. One (1) plectron has been installed on the siren at the station. The radios in engines 1 and 3 have been converted to two channels.

Approximately 130 children in the Winnisquam Area attended this year's annual Carole Davis Children's Christmas party on December 17, met a real Santa Claus and were given presents, candy and ice cream.

The station was manned over motorcylce weekend and during other various emergencies.

## REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-Town program. The town Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town, except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow, must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A.M. and 5:00 P.M., unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild, it can become a disastrous and devastating force. Only you can prevent a forest fire.

### Number of fires reported and acres burned in 1972

State	410 fires	361 acres burned
District	90 fires	135½ acres burned

## BELMONT TOWN WARRANT

The State of New Hampshire

TO THE INHABITANTS OF THE TOWN OF BELMONT IN THE COUNTY OF BELKNAP, IN THE STATE OF NEW HAMPSHIRE QUALIFIED TO VOTE IN TOWN AFFAIRS:

You are hereby notified to meet for the 1973 annual meeting of the Town of Belmont to be holden in two sessions as follows:

### FIRST SESSION

The FIRST SESSION shall be holden at the Roland Kimball Auditorium, Shaker Regional High School, Belmont, N.H., on the 6th day of March next, between the hours of 9:00 o'clock in the forenoon and 6:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To choose one Selectman for three years, one Trustee of the Trust Funds for three years, and one Trustee of the Public Library for three years.

### SECOND SESSION

The SECOND SESSION shall be holden at the Roland Kimball Auditorium, Shaker Regional High School, Belmont, N.H., on the 10th day of March next at 1:00 o'clock in the afternoon to act upon the following subjects:

1. To hear and act upon the reports of committees.
2. To see what action the Town will take upon the Budget as recommended by the Budget Committee.
3. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of the collection of taxes for the current municipal year, and to issue in the name of and on the credit of the Town, negotiable notes therefor, said notes to be repaid during the current municipal year.
4. To see what the Town will vote to do with the income from the John M. Sargent fund.
5. To see if the Town will vote to authorize the Selectmen to refinance and/or renew any loans which may become due during the current municipal year.
6. To see if the Town will vote to authorize the Selectmen to see at public auction and convey real property acquired by the Town by Tax Collector's deed.
7. To see if the Town will vote to enact the following ordinance: All dogs in the Town of Belmont shall be

kept on the premises of the owner or keeper, and not allowed to run at large off said premises unless on a lease or, in the case of hunting dogs, under the direct control of the owner or keeper. Any owner or keeper of a dog allowing it to run at large in violation of this ordinance shall be warned to restrain the animal, and upon any subsequent offense, shall be fined not more than twenty-five dollars (\$25.00) for the use of the Town, and any dog officer or police officer may impound any dog found running at large in violation of this ordinance, and the owner or keeper shall be liable for a reasonable fee for the board and care of said animal until claimed by him. This ordinance shall take effect sixty (60) days after its passage. (By petition)

8. To see if the Town will vote to allow the Town or the Police Department to accept any available Federal or State Funds and Grants it may be eligible to receive during 1973.

9. To see if the Town will vote to enact the following ordinance:

A. The owner or lessee of any real property within the compact part of the Town who does not wish to have other persons loiter about said property may post conspicuous signs worded, "Keep Off", together with the name of the owner or lessee and send a formal letter to the Belmont Police Department requesting them to keep said property free of loiterers. The finding of any person on such posted property not having legitimate business thereon shall be prima facie evidence of trespass.

B. Three or more persons shall not gather together stand or loiter in a group on any foot walk, street or sidewalk in the Town, so as to obstruct the free and unimpeded passage of others thereon, nor while so gathered together, standing or loitering, so conduct themselves as to any way disturb the tranquility of the occupants of nearby premises or those having lawful business in the streets. The fact that a person obstructing a footwalk, street or sidewalk or standing or loitering thereon fails to move on immediately on request of any police officer, or who again returns to the place from which he has been requested to remove himself shall be prima facie evidence of a violation of this ordinance.

C. Section 4, Chapter II, Street Regulations of the Town ordinances of 1961, is hereby repealed.

D. Any person violating any provision of this ordinance shall be fined not more than twenty-five dollars (\$25.00) nor less than five dollars (\$5.00). (Requested by Police Department)

10. To see if the Town will vote to hereafter have the present water department committee be known as the Belmont Water Commission, to possess the powers of, to be subject to

the provisions of, and to operate the town water system all according to Revised Statutes Annotated, Chapter 38, Section 16 through 22 inclusive, the commissioners to serve without compensation.

11. To see if the Town will vote to adopt as a part of and incorporate into its building code, all provisions of Revised Statutes Annotated, Chapter 155 and 155A.

12. To see if the Town will vote that all septic systems installed after the passage of this article to be required to have a minimum tank size of 1000 gallons.

13. To see if the Town will vote that all trailers and mobile homes suitable for use for domestic, commercial, or industrial purposes, but not including travel trailers, be required to have Underwriters Laboratory approval before the issuance of a permit to locate the same in the Town of Belmont. This ordinance is effective 60 days after passage.

14. To see if the Town will vote to use the Revenue Sharing Funds, in the amounts shown, for the following:

For the preparation of a Tax Map	\$21,000.00
For fire hose for the Fire Department	3,500.00
For an auxillary generator for the	
Water Department	2,500.00

15. To see if the Town will vote to authorize the Selectmen to use Federal Revenue Sharing Funds to pay off town debts. (By petition)

16. To see if the Town will vote to appropriate the sum of two thousand five hundred dollars (\$2,500.00) for the purpose of taking an option on a site and hiring an architect to prepare preliminary plans for a proposed new town hall; that the moderator appoint a building committee; and that the Selectmen call an emergency meeting in August, 1973 to vote upon an appropriation for funds for construction thereof.

17. To see if the Town will vote to raise and appropriate the sum of six hundred dollars (\$600.00) for improvement of the Sargent Lake Road. (By petition)

18. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for repair and graveling of Perkins Road. (By petition)

19. To see if the Town will vote to authorize the Selectmen to keep the Polls open for all secret ballots from 7:00 A.M. until 10:00 P.M. with the exception of the first and second sessions of the annual meeting of the Town of Belmont. Also excepted will be polls that open at the end of a meeting. These polls would remain open for at least two hours from the end of said meeting or until 10:00 P.M. whichever is later. (By petition)

20. To see if the Town will vote to widen the Tucker Shore Road to a width of 20 feet. (By petition)

21. To see if the Town will vote to adopt the following ordinance:

#### BELMONT TRAILER ORDINANCE

1. Permit. No trailer shall be located or erected within the Town of Belmont after the date of enactment of this ordinance unless a permit shall have first been obtained by the owner or owners thereof from the Board of Selectmen. The Board of Selectmen shall issue permits for the erection or location of trailers to the owner or owners thereof and who are to occupy the same as follows:

A. Ratio. A permit shall be issued on a ratio of one permit for every two conventional single-family dwellings that have been substantially constructed after the date of the enactment of this ordinance. A trailer permit shall be available for issuance each time that two conventional single-family homes have been constructed in Town. Permits shall be issued in the order in which the applications therefor were received. The purpose of this provision is to stabilize the relationship between trailers and conventional single-family homes in the Town of Belmont with a ratio of two conventional single-family homes to one trailer.

B. Record Owners. Individuals holding record title as of the date of enactment of this ordinance to land in the town shall be entitled, so long as they remain the record owner or owners of said property, to a permit for the location or erection of one trailer upon said land for occupancy as a home for the record owner or owners. Said permit shall be entitled "Special Owner's Trailer Permit".

C. Trailer Parks. Permits shall be issued for the erection or location of trailers on existing trailer sites in existing trailer parks, or trailer sites on approved plans for trailer parks or approved subdivision plans of trailer parks.

D. Residents of Trailer Parks. Any resident of the Town, not the owner of land, on the date of the enactment of this ordinance, who resides in a trailer park shall be entitled to a permit to locate or relocate a trailer on premises not in a trailer park.

E. Other Residents. Any resident of the Town, not the owner of the land, on the date of the enactment of this ordinance who resides in a trailer on premises not located in a trailer park, shall be entitled, so long as he remains a resident of the town, to a permit to locate or relocate a trailer on other premises, whether in a trailer park or otherwise, provided, however, that the site on which

the owner resides on the date hereof shall be considered abandoned, upon the granting of such permit.

F. Additional Permits. Permits issued under subparagraphs B through E inclusive shall be in addition to the permits issued in accordance with the ratio formula in subparagraph A.

G. Exemption. Trailers erected or located within the Town as of the date of this ordinance are exempt from the provisions of this ordinance, and shall not be considered in determining the ratio formula required for issuance of permits under subparagraph A, above. Such existing trailers may be replaced by another trailer or relocated to another locations and permits issued therefor shall be in addition to permits granted under subparagraph A above. Any trailer for which a permit has been given under the provisions of this ordinance may be replaced by another trailer under the authority of said permit.

2. Expiration. All permits issued by the Selectmen under the terms of this ordinance shall automatically expire if unused for a period of six (6) consecutive months, after the date of issue.
3. Abandonment. Failure to continue to maintain a trailer for a period of six (6) continuous months pursuant to a previously issued permit shall constitute abandonment of the right to maintain said trailer, and the permit to maintain the same shall be deemed to have terminated. This paragraph shall not affect the right of owners of record under subparagraph B above, so long as they remain record owner or owners to obtain a Special Owner's Trailer Permit.
4. Application. The requirements of this ordinance shall be in addition to all laws or ordinances and other requirements of the State, town or other authorities.
5. Definition. The term "trailer" as used in this ordinance includes house trailers, or mobile homes constructed with a metal frame, suitable for use for domestic, commercial or industrial purposes but does not include travel trailers.
6. Enforcement. Any person locating or erecting a trailer upon any land in the Town of Belmont in violation of the provisions of this ordinance, shall be fined \$10.00 a day for each violation period. Each day, or part thereof, on which a trailer is located or erected upon land in the Town of Belmont in violation of this ordinance, shall be considered a separate violation. In addition to

the foregoing penalties, the Selectmen are authorized to bring such other actions, either at law or in equity as they may deem advisable to enforce the provisions of this ordinance.

22. To transact any other business which may legally come before said meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS 14th DAY OF FEBRUARY,  
IN THE YEAR OF OUR LORD, NINETEEN HUNDRED AND SEVENTY-THREE.

Mark A. Mooney  
Louis Wuelper  
John Dominic  
Selectmen of Belmont

## HEALTH OFFICERS REPORT FOR 1972

Once again we have reached the end of a very busy year. I have checked on 108 different complaints and 64 new sewage systems. In return, the town has received \$124.00 in inspection fees over and above inspection costs.

Last year, a new policy was implemented such as, leach fields, septic tanks and dry wells, which has proven to be very beneficial to those doing replacement work. When any repair work is anticipated, three sets of plans should be drawn up, one for yourself, one for the contractor and one for me. Normally, a contractor will not charge for this type of plan. After the repair work has been inspected, my copy of the plan is put on file for future use, if needed. In the event that you sell your property, a bank may want to know about your septic system, and its condition. We can furnish them with this information, as we have in the past. This can be a great selling factor for you. It also protects you as well as the contractor as to size of the system and material used.

Living conditions have been improved in some of the rented apartments in Belmont.

Many water samples have been sent to Concord for testing on private and town water supplies.

A number of foster and day care homes were inspected for the State Health Department.

In a few cases, we have had to go to court for sewage violations. Some of these cases could have been avoided if the persons involved had come to me first to get his information in regard to repair or new installation of a sewage system.

Persons who violate any of the state or town health regulations shall be held responsible for the violation, and being misinformed by any person or persons, will not lessen the offense.

In closing this report, I would like to thank the people of Belmont for the cooperation received during the past year. Feel free to call me if you have any questions or problems regarding the Health Department.

Respectfully submitted,

Robert Stevens  
Health Officer

## BELMONT CONSERVATION COMMISSION

1972 was a year of increasing interest in preserving the quality of our environment. Many have realized for the first time that our natural resources are limited and not inexhaustable. The era of plunder and untold waste must soon end, if for no other reason than that of scarcity. Ultimately, the consumer will be paying a higher price for the increasingly scarcer resources which he consumes.

One of the most limited natural resources is land. This is one resource which is still relatively abundant here in Belmont, but one which increasingly is being changed through development. It is not necessarily the duty of the conservation commission to set the rules for land utilization. It is our duty, however, to be aware of the limitations of certain terrain and soil types and to help point out the pitfalls of overdevelopment or improper usage. Many areas are not suitable for further development and can best serve the interest of all by being left in their natural state.

Members of the conservation commission have attended several regional meetings in the past year in an effort to be aware of developments in sewage and waste disposal. The completion of soil maps has also received our attention.

Members of the commission are willing to meet with interested individuals to consider and discuss natural areas of our town, to make suggestions for land usage and to consider any ecological problems which may be brought to our attention.

Belmont Conservation Commission

Stanley Hill

Lyle Watson

Roscoe TWombly

Suzanne Roberts

Wallace Rhodes

## BELMONT RECREATION COMMISSION

The Belmont Recreation Commission at this time would like to say "thank you" to all the townspeople whom have visited their town park at Pout Pont, known as Murray Park, this past year especially during the summer months to see how it is progressing.

We installed the culvert we asked for ~~a~~ last year's town meeting for just under \$700.00. The balance of the requested \$1000.00 was returned to the town. Total development expense to-date is approximately \$2000.00. We are asking for \$2000.00 this year to further improve the area. We have faint hopes of getting the Army Reserves to conduct part of their training program there at the park, which will save the town considerable money and hasten the day when it can be opened.

The main intent of the \$2000.00 is to buy any material we may need if the Army Reserve trains at the park, such as gas and oil, etc. If they do not arrive this year, then we plan to start to make the final wading beach with part of the money.

Respectfully submitted,

BELMONT RECREATION COMMISSION

Arthur Horan, Chrm.

Mr. & Mrs. Richard Smock

Mr. William Ekberg

Mr. James Rhodes

BELMONT PLANNING BOARD REPORT - 1972

The Belmont Planning Board has had a busy year with most of our meetings devoted to the processing of land subdivision applications. Several of these applications have been for trailer parks and one was for an apartment house complex.

We have in all cases, attempted to assist the developer to accomplish his purpose in a way that would be beneficial to the town as well as the individual developer.

We have attempted to cooperate with the town Health Officer and the State Water Supply and Pollution Control Commission so the developer or individual land owner would have the best possible sewage disposal system.

We have advised on setbacks and street layouts in an attempt to promote orderly growth.

Robert Lacroix, of the planning board, completed a ten-week course in Administrating Land Subdivision Regulations. Other members of the board are Royal Smith Jr., Secretary, Stanley Nawoj, Leslie Roberts, Alfred Sawicki, with Mark Mooney as ex-officio member from the Board of Selectmen.

In August, at the invitation of the Selectmen, we started holding our meetings in the Selectmen's office in an effort to improve communications between the two boards. At the same time, Joyce Paquette started acting as clerk of the planning board.

It is our intention and desire to solve each problem to the mutual benefit of the land owner and the Town of Belmont.

We are proposing a Mobile Home Ordinance at the 1973 town meeting. Our hope is that the Belmont voters will feel that this is a desirable ordinance and will vote for its passage.

Until further notice, we will continue to meet the 1st Tuesday of each month and with special meetings as necessary.

Respectfully submitted,

Cedric N. Witham  
Chairman

## SEWER COMMISSION REPORT

At the last Sewer District meeting, the Commissioners reported that the engineers and architects who had done the Preliminary Engineering Report, had been paid with the money we had received from the Federal Government and that we were waiting for the final plans of the Winnepesaukee River Basin Project before anything further could be done.

The Selectmen appointed Mrs. Suzanne Roberts to represent the town at the Winnepesaukee River Basin Project meetings and her report also to be found in the town report.

Robert Bordeau, Chairman  
Calvin D. Brown  
Urban H. Fleury

Commissioners

## REPORT OF THE CIVIL DEFENSE DIRECTOR

Your Civil Defense organization this year assisted the Fire Department in procuring additional monitor radios for firemen's homes and autos, which have replaced the expensive and often unreliable alarm system which consisted of blowing the mill whistle or a siren, which could not be heard in many parts of town.

As always, we invite any interested citizens to volunteer for duty in one of our units, which include auxiliary police, auxiliary fire, transportation, shelter, emergency medical care, warden service, and communications. Contact the director for further information.

Respectfully submitted,  
Robert A. Harper, Director

## WINNIPESAUKEE RIVER BASIN

Concern over the problems of water pollution and the program of the Federal Environmental Protection Agency, which requires that pollution control facilities be constructed under a basin-wide plan, led to passage of House Bill Number 50 by the New Hampshire Legislature. This bill which took effect on July 1, 1972, provides for an advisory commission consisting of one member from each community appointed by the respective governing bodies of the municipalities involved: Belmont, Franklin, Gilford, Laconia, Meredith, Northfield, Sanbornton and Tilton.

Members of the Board of Selectmen and the sewer commission have taken active part in voicing Belmont's concerns and contributing to the Basin Study on Water Quality Control for the Winnepesaukee River Basin prepared by Charles A. Maguire & Associates, Inc. Engineers. Copies of this study are now available for examination by interested citizens at the Town Hall and at the Belmont Public Library.

Belmont's problem areas can be alleviated by connecting with the interceptor which will convey the effluent past lower Lake Winnisquam, Silver Lake and out of the Winnepesaukee River Basin to where it can be treated at a regional treatment plant to be constructed in Franklin.

Care must be taken that everything necessary is done to have the design and construction of the local collection system proceed coincident to the design and construction of the Belmont interceptor if connection is to be made when the system is ready -- otherwise we will have a "pipe to nowhere."

Belmont has been duly reimbursed for the major costs of all studies and plans made in the past because the requirements of regional and local planning were met. The community cannot afford to pay the cost of sewer construction without federal and state funds. As voters, we need to keep informed and alert to what ever requirements we must meet to be eligible for future reimbursement.

Suzanne S. Roberts

## BELMONT DISPOSAL COMMITTEE

The Disposal Committee has been represented at all of the regional committee meetings, relative to making a change-over from our present dumping system to a sanitary landfill type, which the state law will require of the town by 1975. We've also checked other towns costs and operations. However, we feel we should get further cost comparisons of town sanitary landfill operation versus regional sanitary landfill operations. With the Town of Belmont growing so fast, there is a big question as to which way is more desirable.

This year regular hours have been established at our present site, out of town trespassers have been virtually eliminated and a rat abatement program has been carried out. We hope to continue these improvements another year. This better controlled burning on the site, with complete cooperation between all parties involved in maintaining the disposal site, keeping it clean, etc. We have the Soil Conservation Service conducting a suitable-site survey for us.

We would like to express our appreciation to our present disposal site custodian, Mr. Henry MacMichael, for the fine job he has done in keeping the area presentable. Proof of this was shown when an engineer, from the firm of Metcalf and Eddy, was at our dump site and made the statement that Belmont's disposal site was the cleanest he had seen.

**Respectfully submitted,**

Maxwell A. Perkins, Jr., Chrm.  
Arthur Horan  
Theodore Blanchard

REPORT OF WATER SUPERINTENDENT  
January 1, 1972 to July 31, 1972

Meters and supplies were ordered in early 1972, as of the first of September, 204 meters were in operation.

The Board of Selectmen on the recommendation of the Water Committee decided, at least during the test period, not to install meters in mobile homes.

We are compiling records of water use through the new meters and expect to establish meter rates in 1973.

The new well started in operation early in 1972. Like the old well, it had a fluctuating iron content. To minimize this, we installed an aquadene treatment plant, which is a method of holding the iron in suspension. This has been successful. The complaints which have happened have been from the old well leaving iron and sand deposits in the water lines.

We are now using the new well exclusively. The old well has been reconditioned by Layne New England Company and can be used in emergencies.

The reservoir needs a gunite treatment due to ice wearing away the cement wall near the top of the wall. It had deteriorated and much more damage may occur if it is not repaired. Also there is considerable leakage through this damaged area of the wall causing loss of water.

The 12 inch line from the Laconia line to the Belknap Mall has been completed. This line is much better than the 6 inch line which was originally planned, making more water available for the mall and others who may want to connect to the line.

This year, the Belmont Water Department received a deed of the water lines in the Pleasant Valley Estates and Pinecrest.

Our department is now serving about 827 people aside from the schools.

There are now 291 taps on our mains in the village district.

The department now owns 32,254 feet of cast iron cement lined pipe, 33 hydrants, plus 6, 595 feet of 2 and 3 inch plastic pipe, there are 121 valves in the system of 2 to 12 inch in size.

I would like to take this opportunity of expressing

my appreciation for the fine cooperation the Board of Selectmen have given me in my effort to bring the water system up to the excellent condition it is in at the present time.

The next and much needed improvement is a much larger reservoir.

Respectfully submitted,

Russell H. Cushing

REPORT OF WATER SUPERINTENDENT  
August 1, 1972 to December 31, 1972

The installation of meters were finished in August and the first of September.

For the rest of the year, there was only the routine work to do, visiting the wells and reservoir each morning and attending to calls from customers.

At the end of the year, there was taking inventory of stock on hand.

Respectfully submitted,

Herbert Higgins

## BELMONT PUBLIC LIBRARY

It was with deep regret this year, the trustees accepted the resignation of Mrs. Pearl Sanborn, the librarian for the past eighteen years. Belmont has been very fortunate in her successor, Mrs. Evelyn Morse, a graduate of Simmons College with a degree in Library Science. She has worked in the Laconia Library and also in the one at Belknap College. She has a vast knowledge and an enthusiastic interest and approach in her work. She has issued library cards, and is keeping up the good work of Mrs. Sanborn, such as continuing the scrapbook of all new items of Belmont, posting current town events on the bulletin board, purchasing new books, etc.

This is a small library, opened twenty hours a week. It operates on a low budget; yet it has met all State requirements except there is no hot water. New shelves have been added, the furnace cleaned and repaired. This next year the radiators should be scraped and painted, the Memorial Room should be painted and other small repairs made.

Besides the almost 6000 volumes available, there are periodicals, phonograph records and a daily newspaper. The N.H. State Bookmobile leaves a supply of books quarterly, and the books may also be borrowed from the State Library. Both Librarians, Mrs. Sanborn and Mrs. Morse have endeavored to keep up with the current literature and have purchased new adult and juvenile books. Both also have attended all necessary conferences.

There has been some loss of books from borrowers who may have forgotten to return them especially from some who have moved out of town. Every effort has been made to contact these persons, some successfully. In some instances, however, books have had to be replaced or paid for from the Library funds to the State Bookmobile.

The Memorial Room has been used by many civic groups for meetings, exhibits, etc., some regularly. This is a community service that the library is glad to provide. A small fee is charged if the hall is to be used for private parties. Often times, the organizations give a donation to help pay the heat and light costs.

We are glad to submit this summary for 1972. This is your library, one in which Belmont should take great pride. Do come in and visit it, we are there and ready to serve you. Let's increase the circulation!

Carrie Cushing, Wallace Rhodes, Helen M. Hill, Trustees

293 books were borrowed from the N.H. State Library Bookmobile and 48 books from the Laconia Library and the State Library on inter-library loan.

124 books were added to our shelves in 1972.

Evelyn C. Morse,  
Librarian

## REPORT OF TOWN HALL NEEDS COMMITTEE

This report represents the majority view of the committee.

### Background:

During 1972, the Town Hall Needs Committee has met on several occasions to consider town office space alternatives.

The basic alternatives examined include:

- (1) Rehabilitation of present facilities.
- (2) Leasing space from private owners.
- (3) Construction of new facilities.

### Space need:

The committee met with the Chief of Police and Town Clerk to determine the space requirements of the various town offices. The reported requirements of office space slightly exceeded 3,000 square feet. The committee believes this can be reasonably held to 2,400 feet. This is a minimum recommendation for town needs during the next 10 to 20 years.

The committee also feels there is a need for a community neighborhood facility providing space for club activities for youth and adult groups, for meeting space for adult education classes and other community-wide activities.

### Exploring the alternatives:

- (1) Rehabilitating the present facilities:

There is, at present, building space enough to expand and refurnish present town offices to take care of the needs for office space.

To accomplish this it would be necessary to expand into the area formerly used for town meeting space. It would be advisable to lower the present roof to provide for a single story structure since the present 2nd story space is unsafe for use and inefficient to keep heated. The present boiler must be replaced and much structural improvement work accomplished.

The majority committee decision is not to pursue this course of action. We feel the cost involved, possibly \$40,000.00 based on estimates of those with whom we have consulted, for a short term stop-gap measure, is not justifiable expense, since the resultant building would still be largely outmoded.

- (2) Leasing private space.

This alternative has merit in that the town could lease space and avoid a long term debt obligation while using a building that adds to the tax base of the town.

The amount of money paid out over a 25 year period would be significantly greater than that paid out to armor-tize the town's own building. Thus this alternative is not recommended.

(3) Construction:

The committee recommends that the town vote to build a new facility and appropriate the sum of \$2,500.00 for the purpose of taking an option on a site and hiring an architect to develop preliminary plans for the proposed facility; that a date be established for a special town meeting to vote on the appropriation of funds for the facility and that the moderator appoint a building committee.

This alternative is based on the recommendation that the initial facility includes 2400 square feet of office space for police, selectmen, planning board, town clerk and water department needs.

The facility should be designed to provide for future expansion needs for office space, as well as the provision for the addition of the afore-mentioned neighborhood facilities if federal funds are available.

The committee feels that the town is in a unique position to take advantage of the revenue sharing funds for this capital improvement with out seriously effecting its tax rate.

A new facility in the village area will enhance the appearance of the community and should provide a catalyst for future capital improvements by private enterprise.

In considering these alternatives, we have consulted with town officials, private contractors, real estate brokers and an architect.

Signed:

Arthur W. Hill, Chairman  
Royal W. Smith, Jr.  
Leon Whitten  
Lincoln Noel  
Cedric Witham
